Data from Colorado in relation to the legalization of marijuana is not well publicized. For example: Traffic fatalities involving operators testing positive for marijuana have increased 100 percent from 2007 to 2012. Also the majority of driving-under-the-influence-of-drugs arrests involve marijuana and 25- 40 percent were marijuana alone. *Ref: The Legalization of Marijuana in Colorado: The Impact Vol. 2/August 2014.*
