Memory Text

“For this very reason, make every effort to add to your faith goodness; and to goodness, knowledge; and to knowledge, self-control; and to self-control, perseverance; and to perseverance, godliness; and to godliness, mutual affection; and to mutual affection, love.”

2 Peter 1:5-7 (NIV)

Health Nugget

Physical inactivity ranks fifth as a risk factor for death. Daily time spent sitting appears linked with total mortality, regardless of formal exercise level. Research suggests that both not enough and too much sleep are associated with increased mortality, with about seven hours being best for lifespan. *Nut Facts 2017*
