what sort of persons ought you to be in leading lives of
holiness and godliness?”

2 Peter 3:11 (NRSV)

Health Nugget

A 2011 analysis showed that while we Americans are living longer, we are also living fewer healthy years than we used to. Adding deaths from medication side effects to those from staff errors, unnecessary surgeries, medical facility-sourced infections, and other health care-related fatalities shows the U.S. medical system to be the *third* leading cause of avoidable death in this country. True healthy lifestyle change would obviate this bad news.
